

PROFILE for: Karon Clark, Executive and Leadership Coach Mentor and Coaching Supervisor

Experience

Karon Clark is an accomplished coach with over 25 years in the business of personal and professional development.

With experience as an Executive Coach working with leaders and leadership teams, Coaching Supervisor, Facilitator and developer of Coaches, her Clients and fellow Coaches cite high levels of energy, passion, commitment and motivation to personal and professional change using intuitive and honest communication together with a practical grounded approach to practice. The focus is on positive action towards empowering results and sustained change.

Karon facilitates new and experienced Coaches to successfully transition from the training room to fulfilling their potential becoming accomplished in the craft of coaching. They discover that their confidence, expertise and skills are boosted. She also provides both 1:1 and group supervision to coaches and mentors and is an accredited supervisor with AoCS (Association of Coaching Supervisors).

In any situation she brings a motivational and empowering approach to each contract that moves her client towards their goals whilst increasing their self-belief and self-efficacy. Karon has a keen interest and particular skill in working with values based culture change and has partnered many organisations on their journey to become values driven organisations. This is achieved through working with people at all levels in the business with particular focus on the values and behaviours of the leadership.

Karon has worked with private business, voluntary and community and public sector clients.

Karon holds a Masters qualification in Coaching Psychology, postgraduate qualifications in management & leadership, nursing and counselling. She is also trained in many aspects of coaching practice such as solution focused, cognitive behavioural coaching, motivational interviewing and coaching supervision amongst others. Karon is also trained in group facilitation and psychometric testing being certificated by the British Psychological Society. She is also a consultant with ILM providing specialist external verification for coaching and mentoring qualifications.
